#### INDEPENDENT AUDITORS' REPORT

Board of Directors Open Door Mission Omaha, Nebraska

### **Opinion**

We have audited the accompanying financial statements of Open Door Mission (The Organization), which comprise the statements of financial position as of March 31, 2022 and 2021, and the related statements of activities and changes in net assets, cash flows and functional expenses for the years then ended, and the related notes to the financial statements (collectively, the financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Organization as of March 31, 2022 and 2021, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We have conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and asses the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit
  procedures that are appropriate in the circumstances, but not for the purposes of expressing an
  opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion
  is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Notes to Financial Statements**

### March 31, 2022 and 2021

### 1. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

### **Organization and Nature of Activities**

Open Door Mission (the Organization) was incorporated on February 26, 1955 as Rescue Mission, Inc. d/b/a Open Door Mission, a Nebraska nonprofit corporation. In 2015, the Organization's name changed to Open Door Mission, a Nebraska religious nonprofit corporation. It operates as the Open Door Mission, Lydia House, and Timberlake Outreach Center from its locations in Omaha and Elkhorn, Nebraska and Council Bluffs, Iowa. The Organization is a human services organization whose mission is to provide for the needs of the homeless or needy persons with shelter, food and clothing and spiritual, physical and emotional help. The Organization provides an opportunity for guests to develop Christian lifestyles and become productive individuals in society.

#### **Financial Statement Presentation**

The Organization follows Accounting Standards Update (ASU) No. 2016-14, Not-for-Profit Entities (Topic 958) — *Presentation of Financial Statements for Not-for-Profit Entities.* Resources are reported for accounting purposes into separate classes of net assets based on the existence or absence of donor-imposed restrictions.

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and support, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

<u>Net Assets Without Donor Restrictions</u> – Net assets that are not subject to donor-imposed stipulations.

#### **Notes to Financial Statements**

### March 31, 2022 and 2021

Net Assets With Donor Restrictions — Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or the passage of time. Net assets restricted by the actions of the Organization and/or the passage of time are temporary in nature. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities and changes in net assets as net assets released from restrictions. Other donor-imposed stipulations are permanent in nature and require that principal be maintained in perpetuity by the Organization. At March 31, 2022 and 2021, the Organization had no net assets with donor restrictions permanent in nature.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Cash and Cash Equivalents and Restricted Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid investments, with an initial maturity of three months or less, to be cash and cash equivalents. The Organization considers all cash and cash equivalents designated for long-term purposes or received with donor-imposed restrictions limiting their use to long-term purposes to be restricted cash and cash equivalents.

The following table provides a reconciliation of cash and cash equivalents and restricted cash and cash equivalents at March 31 reported within the statements of financial position that sum to the total shown in the statements of cash flows.

|                                                | <u> 2022</u>    | <u>2021</u>     |

#### Financial Instruments Subject to Credit Risk

The Organization has two types of financial instruments subject to credit risk. The Organization maintains bank accounts in which the balances sometimes exceed the Federal Deposit Insurance Corporation (FDIC) limit of \$250,000. At March 31, 2022 and 2021, there were cash balances in excess of FDIC limits at the bank of approximately \$7,358,000 and \$6,969,000, respectively.

Receivables also subject the Organization to credit risk.

#### **Notes to Financial Statements**

### March 31, 2022 and 2021

#### Marketable Securities

Marketable securities are stated at fair value in the statements of financial position; securities traded on a national securities exchange are valued at quoted market prices. Changes in net unrealized holding gains and losses, realized gains and losses, and interest and dividends are included in the statements of activities and changes in net assets and result in increases or decreases to net assets without donor restrictions unless their use is temporarily restricted to a specified purpose or future period. Realized gains and losses are determined by specifically identifying the marketable security sold. Interest and dividends are recorded as earned.

#### **Inventories**

Inventories consist of donated items and are stated at fair value at the date of donation.

### **Property and Equipment**

Property and equipment are recorded at cost or, in the case of donated property and equipment, at estimated fair value when received. Donations of property and equipment are reported as contributions without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Expenditures for additions and betterments are capitalized; expenditures for maintenance and repairs are expensed as incurred. The costs of assets disposed of and the related accumulated depreciation are eliminated from the accounts in the year of disposal. Gains or losses from property and equipment disposals are recognized in the year of disposal.

Depreciation is computed using the straight-line method over the following estimated useful lives:

|                            | <u>Years</u> |
|----------------------------|--------------|
| Buildings and Improvements | 3-40         |
| Furniture and Equipment    | 3-10         |
| Vehicles                   | 3-5          |

### **Long-Lived Asset Impairment**

The Organization evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flows expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value. Management does not believe any impairment existed for the years ended March 31, 2022 and 2021.

#### **Notes to Financial Statements**

### March 31, 2022 and 2021

### Paycheck Protection Program

In April 2020, the Organization was granted a loan from a certain bank in the aggregate amount of \$660,500, pursuant to the Paycheck Protection Program ("PPP") under Division A, Title I of the CARES Act, which was enacted March 27, 2020 (the "PPP Loan"). Funds from the PPP Loan may only be used for payroll costs, costs used to continue group health care benefits, mortgage payments, rent, utilities, and interest on other debt obligations incurred before February 15, 2020. Under the terms of the PPP Loan, certain amounts of the loan may be forgiven if they are used for qualifying expenses as described in the CARES Act.

During 2021, the Organization repaid the PPP Loan in full, which is reflected in cash flows from financing activities in the accompanying statements of cash flows.

### Revenue Recognition

The Organization follows Accounting Standards Update 2014-09, *Revenue from Contracts with Customers (Topic 606)* ("ASU 2014-09"). Accordingly, the Organization's policy for revenue recognition is defined below.

#### Contributions

Contributions (including bequests and memorials) that do not meet the definition of an exchange transaction in accordance with ASU 2014-09 are accounted for under the guidance in Accounting Standards Codification 958 "Not-for-Profit Entities." Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Conditional promises to give are recognized when the barriers for recognition in the agreement are fully overcome and there is no longer a right of return related to the contributed assets. Contributions that are restricted by the donor are reported as increases in net assets with donor restrictions unless the restrictions expire in the fiscal year in which the contributions are recognized, in which case, the contributions are reported as increases in net assets without donor restrictions. If the restriction does not expire in the fiscal year in which the contributions are recognized, amounts are released from net assets with donor restrictions and reclassified to net assets without donor restriction when the restriction expires. Contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Contributions of services are recorded at estimated fair value of the services provided when received if such services require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not donated.

Contributions of donated non-cash assets and investment securities are recorded at estimated fair value when received. The Organization's policy is to sell donated securities as soon as administratively feasible upon receipt of the securities.

#### **Notes to Financial Statements**

### March 31, 2022 and 2021

### **Functional Allocation of Expenses**

The costs of providing the various programs and supporting services of the Organization have been summarized on a functional basis in the statements of activities and changes in net assets. Costs are allocated to each functional expense category based on the specific departments benefitted by the expense. Certain categories of expenses are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include occupancy, food and kitchen and others. Occupancy expenses are allocated to the different functional expense categories based on the square footage within which each program operates. Food and kitchen expenses are allocated based on the number of meals each program serves. Salaries and related expenses for certain individuals performing tasks in multiple functional expense categories are allocated based on estimates of time and effort.

#### **Income Taxes**

The Organization has qualified under Internal Revenue Code Section 501(c)(3) for Federal income tax purposes as a tax-exempt organization other than a private foundation.

The Organization follows the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 740-10 related to uncertain income tax positions. Management believes there are no uncertain income tax positions taken which would require the Organization to reflect a liability for unrecognized tax benefits on the accompanying statements of financial position.

The Organization is no longer subject to income tax examinations by Federal, state, or local tax authorities for years before March 31, 2019.

### Reclassifications

Certain reclassifications have been made to the 2021 financials to conform to the 2022 presentation.

### **Subsequent Events**

Subsequent events are events or transactions that occur after the statement of financial position date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through July 18, 2022, noting no items requiring disclosure.

### **Notes to Financial Statements**

### 2. Liquidity and Cash Management

The following reflects the Organization's financial assets as of March 31, 2022 and 2021, respectively, reduced by amounts not available for general use within one year of the date of the statement of financial position because of contractual or donor-imposed restrictions.

| General Expenditures Within One Year                     | \$ 11,820,736 | \$ 6,850,815 |

The Organization manages its liquid resources by structuring its financial assets to be available as its general expenditures, liabilities, and other obligations become due. In addition, the Organization invests cash in excess of daily requirements in commercial money market instruments. In the event of unanticipated liabilities, the Organization could draw upon its \$500,000 and \$1,000,000 lines of credit (see Note 5). In order to receive a more preferential interest rate on the \$1,000,000 line of credit, the Organization agreed to maintain a money market account with the bank as additional collateral for the loan. In the event of unanticipated liabilities, the Organization could utilize these funds.

#### 4. Fair Value Measurements

FASB Codification Topic 820-10 on Fair Value Measurements (FASB 820-10) establishes a framework for measuring fair value and provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values giving the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Unadjusted quoted prices available in active markets that are accessible at the measurement date for identical assets or liabilities. This level primarily consists of financial instruments such as exchange-traded securities.

Level 2 – Pricing inputs include quoted prices for identical or similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs reflect management's best estimates of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value at March 31, 2022 and 2021.
